I Love You Beautiful Family*

Dear Friends,

Grace and peace to you from God Our Father
And The Lord Jesus Christ.

Greetings! Hey How Ya Doin'! Shalom!

I pray you are well. Holy Spirit has now guided me to reach out to you. Please see and hear the message that God has put on my heart. An inspirational motivational international speech from the Word coach cheer leaders singing Great Gospel News!!!

To ALL it does concern in this spiritual battle. Everyone seeing and hearing the Turn signal. While on this amazing journey with the Lord He has now led me to reach out to you. Let me start by saying Thank You for everything you do to change the world; Living In Christ leading others to know the Truth. It's truly amazing to see ALL that Holy Spirit is doing in so many of us. I pray your Blessed and Beautiful Ministry in Christ continues to grow and reach others. For anyone lost and searching for truth and answers while struggling trying to find yourself, I ask that you call to our Lord and Savior Jesus Christ. I guarantee you find yourself in Him. Please see Holy Bible, website writings and Facebook feed for more. There are many layers

within these writings. As we continue you will begin to see and hear within those layers as the Lord will reveal. Those layers are also around us in this life.

Holy Bible Ecclesiastes 3

Just a friendly reminder, lean not on our own understanding. Ask the Lord for guidance in ALL things. Another friendly reminder, it is very important that we are ALL in God's Word Every Day. Rejoice always, pray continually, give thanks in all circumstances!

Do You Hear the People Sing? Now Do Not Be Afraid, be under His wing!

There ain't no hitting snooze, we gotta share
The Gospel News! Let's see and hear, those
New You celebrations! Holy Spirit fire alarm
ringing Light shine on in every nation! Rise and
Shine! Put Your Candles In The Windows! Let

your Light shine! Let them know The Way! Until Everyone Knows The Way! Hearts of multitudes in tune with the Drum. Hey You in the wilderness hear the voice of One! In our joyful testimony, the music is heard! Loving God and one another, as we stand upon His Word!

I pray Father God will continue to build and strengthen ALL His children as Christ's Heavenly fire flows. I ask that you share the message as Holy Spirit guides you. If you have any questions, please see Holy Bible for reference. And of course, if lost, ask a friendly neighborhood Born Again Believer to help show you The Way.

God Bless you and your family. I pray these writings will lead people to seek salvation through Jesus and are a Blessing to you ALL.

Please Share The Love! Thank You!

Mercy, Peace And Love Be Yours In Abundance!

Have A Blessed One!

In Christ,

Armor of God

Put on the armor of God, be protected by the belt of truth
God's righteousness is for us all, no need to change in a phone booth
Helmet of salvation, gives us confidence to go forward
If lost in a sea of despair, His love will lead you shoreward

While sailing the universal waters, keep God as your rudder
May your heart flow from life's wellspring, with the words you utter
God's servants of New Jerusalem, in the square gathered 'round
Ripple in the wind, hear the voice of a unified sound

Shoes of peace cover our feet, and help to share the Good News
Standing up to any challenge, with Him we'll never lose
With the beat drummin' in my soul, my heart's an open book
Your questions can be answered, give the Bible a look

While sailing the universal waters, keep God as your rudder
May your heart flow from life's wellspring, with the words you utter
God's servants of New Jerusalem, in the square gathered 'round
Ripple in the wind, hear the voice of a unified sound

A shield of faith stops the arrows, that come from every angle
God's Word is our sword, to stand against Satan's lies entangled
Truth and wisdom of our home, God has been revealing
Reigning His Word through the masses, from this leaking ceiling

While sailing the universal waters, keep God as your rudder
May your heart flow from life's wellspring, with the words you utter
God's servants of New Jerusalem, in the square gathered 'round
Ripple in the wind, hear the voice of a unified sound

Ephesians 6:11 (ESV)

"Put on the whole armor of God, that you may be able to stand against the schemes of the devil."

The Return

Question for us to ponder, what if real is the dream
There are many of you out there, that know what I mean
Pay attention in this life, things aren't always as they seem
Look for the meaning, like in this song of many themes
What's real or fantasy, open your mind and you'll see
Your heart is the key, love will set you free

No such thing as coincidence, things happen for a reason
Many signals from the Lord,
to get us through the toughest seasons
Inspirational messages of God, Shelley does preach
We're all starting to live, a Charlie Chaplin speech

God's here to stay
Each and every day
Tell your story to all
God has made the call
No more living in fear
Jesus' return is near

Been taking my time, writing with a slow hand
A Jasher music man's request, to take the stand
Holy Spirit's awakened me, to join the band
Eyes wide open, heading to the Holy Land

Some run the hamster wheel, as their life passes by
Others see the Holy City, coming down from the sky
We can all break free, you just gotta try
Time for this evil world, to say goodbye
We're making a move, beginning to set things right
Time to put on, a Johnny Cash suit of white

Brian Joseph Jeffries

God's here to stay
Each and every day
Tell your story to all
God has made the call
No more living in fear
Jesus' return is near

Unplug from, the matrix of deception
Wake up and receive, there's no exception
I was running behind, but now I'm caught up
Upload to the cloud, singers provide backup
Bible Project crew, get your learn on with the Lord
A priceless education, that anyone can afford

Lessons from Dorothy, helped this tin man find his heart
Showed me the brains and courage, had been there from the start
We have Glenda's in our lives, kind and loving while battling witches
It's the evil ones, that digs our mind of shallow ditches
Riding on a carriage, listening to Kansas and Toto
Along the narrow path, somewhere over the rainbow

We've sailed beyond, the road of yellow brick
Still standing through it all, brought Oz that old broomstick
Through journeys on this path unknown, we're never on our own
Call God the great and powerful One, there's no place like His home
Tell everyone from east to west, across the hemisphere
It appears very clear, the return of Jesus is near
Only the Father knows, the clock's final gears

Matthew 24:36 (ESV)

"But concerning that day and hour no one knows, not even the angels of heaven, nor the Son, but the Father only."

Standing Up In This Heavenly Stadium
Proclaiming Jesus Saves
And Waves Others On In To Rise
Stand For Injustice
Stand For The Weak
Stand For The Voiceless
That Need You To Speak
Stand For What's Right
Stand For What's True
Stand Like A Cross On Hill That Stood For You!

The Music We All Sing

Music's in the wind, the trees, and sounds of the night
God is in the rain, washing away the pain and fright
The voice that's been whispering, the doubt and despair
That devil's banished from my mind, with God's Word in prayer
In the deafening sound of silence, and roar of crashing waves
Let everyone remember, as we are spending, Jesus Saves

Swinging a piano hammer of notes, on His music stand
God's peace and love we're sending, all across the land
Perfect harmony, the music we all sing
Come join the band, for together it will bring
Melodic tones are blossoming, God's green thumb
This season of singing, a tent revival has begun

We've heard it said before
Life's a Bible metaphor
Don't hide the scars or struggles, it's part of who we are
Like a Jacob wrestling match, in the month of Adar
Israel's the name, gathering descendants from afar
His love shines bright, through an infinity pool sky
Above His footstool and in our hearts, He is always standing by

Swinging a piano hammer of notes, on His music stand
God's peace and love we're sending, all across the land
Perfect harmony, the music we all sing
Come join the band, for together it will bring
Melodic tones are blossoming, God's green thumb
This season of singing, a tent revival has begun

Connect the sparkling dots, a new star lullaby
On that shimmering map, of the Gospel in the sky
His children are looking up, our peace is amplified
Through encouraging words, I will praise You and testify
His love comes through the voices, like the music of angels
You say who, I say you, and all that are faithful
Revelation 21 & 22 the Father keeps time, with His second hand
A new home with the Lamb, the leader of our band

Introduction

I started waking up at 3am and began writing down my thoughts and dreams. I was on a journey with the Lord and was filling my notebook with songs of my life. Eventually, I was writing throughout the days and nights, a combination of new things along with my life's experiences. I was writing words that were given to me through divine inspiration, but this did not happen until God woke me up to life and I called out to Jesus to be saved.

These poems are about the battles of good and evil, with the focus on God and positivity. They are about the Bible, family, friends, pets, careers, and countless number of songs, movies, musicians, writers, artists, entertainers, YouTuber's, etc. that have played an inspirational role in my life. Anything that was once negative has now been turned positive.

I began my career working in maintenance and learning various trades. Years later, my childhood friend Brian introduced me to firefighting, and I joined a volunteer fire department in Seaville, NJ. I then went to school to become an EMT and joined the rescue squad in Upper Township, NJ. Everyone was very supportive and had a huge impact on helping guide me on my path. I felt a medical career was the right direction for me. I continued on to paramedic school, worked in various EMS systems and eventually became a flight paramedic. I also taught paramedic and EMT classes, along with American Heart Association courses.

I felt it was such a gift to be able to help people in all different situations. I definitely learned a lot about life while running the streets and flying the skies as a paramedic. I was able to work with,

As stated by my doctor, "It's a miracle, the cyst in your spinal cord has disappeared." It's amazing how many miracles we're blessed with every day.

After years of working in EMS, I was unable to hide my emotions anymore. The nightmares in my mind were becoming overwhelming. It seemed as if I was living in a horror movie. I was struggling to maintain my career as a paramedic. I thought if I got off the streets and started teaching more it would help, but it didn't matter. I had dealt with anxiety and depression my entire life and in the recent years added PTSD to the list. Along with an increase in prescription pills and alcohol, the darkness had finally consumed me, and I hit rock bottom. It was at that time I called out to Jesus like never before, then things began to change. With Jesus "no weapon formed against you shall prosper." (Isaiah 54:17 NKJV) My depression, anxiety and nightmares now became visions of an amazing world I didn't know existed. Thankfully Jesus had answered my call!

Throughout my life, I believed in God, but always had a lot of questions and misunderstandings. I hadn't gone to church for many years. I knew *of* God but did not really *know* Him. I turned to the Bible and realized that to get my head right, I needed to get my heart right. I started studying the Bible, going to church again, and got baptized. God's mighty living Word had transformed me. Along

I encourage everyone to do their own research about things in this life, and don't allow decisions to be made for you. I say this based on an understanding of the different mistakes I've made. Make your own choices and remember while on your journey, to "test the spirits." (1 John 4:1 NIV) Take everything to Jesus and follow the Holy Spirit's guidance.

As a work in progress, I'm learning how to address any difficulties or frustrations more appropriately now. Struggles will come, and at times may be challenging, but through faith I'm now more prepared to respond to them. I feel as anyone in sports has told us, when you lose a game, put it behind you and prepare for the next one.

Follow your dreams, don't settle for: "I can't" or "that's just the way it's always been." Make a change in your life and see how God will show you things that you never thought were possible. I'm excited to start this new calling and adventure as a writer and lyricist. I'm grateful to wake up each day walking on my new path. Lord willing, I'll continue moving forward to see where He takes me. I'm now living my dreams like I have 50 more years, while living my life like I have 50 more minutes, cherishing every moment. "The fear of the Lord is the beginning of wisdom, and knowledge of the Holy One is understanding." (Proverbs 9:10 NIV)

Looking at the season we're living in, and everything happening in seek salvation through Jesus and is a blessing to you all.

Now, I invite you on an adventure, through the depths of your mind's movie screen, to the rainbow's end and beginning, along a golden road of eternity. The time is now to come together, all the people of every nation, across this universe of a life without boundaries. I got an early morning wake-up call from God about our lives that have true meaning, for which you're permanently awake and you never stop dreaming. There are limitless possibilities through a symphony message of hope and rhythmic positivity.

Let's take a voyage in this supernatural world, beyond the realm of a comfortable existence of routine. We're living in the now, of a life
